## Commodore's Message

What an honor it is to serve as Commodore of CBYCA. Our member clubs are like families within the Association regardless of the size, location, amenities, priceless or quaint views. Our friendships and common passions for boating and the care of our waterways unites us. I pledge to respect the bonds already established and do what I can do to help strengthen them as we stand watch to protect each club from any threats and dangers that may arise.

This Roster Book publication is our biggest effort to help each of you learn about the members of your association family. I salute the efforts of our Rear Commodore Donna Ferron, Vice Commodore Dan Killeen and Past Commodore Gene Schenck along with many others for their hard work, organizational skills and commitment to complete this book to share with all our members.

Keeping our member clubs abreast of and analyzing proposals from lawmakers, regulators, and local officials in the five states and the District of Columbia, as well as the federal level is the responsibility of our Directors of State Legislation. For the outstanding work they do for our Association, we are very proud of all our legislation directors. Comments from ALL of you direct their efforts.

We are thankful for all our CBYCA partners. I applaud our relationship with them and praise their dedication and commitment to work together on mutually beneficial issues. My pledge in the coming year is to further enhance these relationships.

I'd like to thank Nick Noderer for all his support to the association and I am grateful he has become our new Acting Director of Safety and Education. This is an informative position for the purpose of expanding the knowledge of the association's members in regard to recreational boater safety and general information relevant to clubs and their members.

Always in life there are circumstances and situations which guide us to be the best that we can be. In a couple years the term Coronavirus will just be a memory of the past, but this year, it is the term that halted America. Nevertheless, we are strong and we are resilient. We will get through this together and it will bring all our member clubs and their members closer together as we prepare our boats for the 2020 boating season.

I look forward to seeing you on the water and at your yacht club,

*Kyle Gray*

2020 Commodore  
Chesapeake Bay Yacht Clubs Association

Rear Commodore Donna R. Ferron

First, thank you to Chesapeake Bay Yacht Clubs Association (CBYCA) Vice Commodore Dan Killeen for his support, guidance, encouragement, and most of all his vision for the organization. Since I first became a CBYCA delegate for my sailing club almost a decade ago, I don't think I've seen as much growth (along with a few growing pains) as has happened in the past year.

As VC Killeen helped CBYCA evolve, so have the following people helped the *Chartroom Chatter Roster Edition* evolve. **Rose Marie Killeen** seemingly effortlessly expanded the Royalty section to include both the Chesapeake Bay Queen and Princeses as well as the DRYL Queen and Princeses. New this year is an added blurb about each young woman that includes their goals and the charties that each supports. Rose Marie also wrote a three-part pagaent series for the monthly *Chartroom Chatter*. **Jo Spencer**, CBYCA Historian, helped bring historical context to some of our editorial decisions. She also provided invaluable editing skills. Legislative Director for Pennsylvania and Delaware **Chris Schenck**, created the artwork for the uniform protocol pages, a request by many of you to return to the book. Thank you also to CBYCA Past Commodore **Gene Schenck** for contributions to the protocol and appointed and elected member pages.

**VC Dan Killeen** took the lead on the advertising and I'm grateful. Requesting, tracking, and organizing the ads for the book is time consuming. Any issues with ads rest on my shoulders, of course, but I absolutely needed the help. I hope everyone takes notice of both the returning and the many new advertisers and uses their services as much as possible.

Former Director, Safety and Education **Tom Costello** unfortunately had to resign from his position but he generously continued to provide technical assistance for the new roster database that he created and linked to the CBYCA website that he helped upgrade and update. Tom, along with CBYCA Treasurer **Penny Rhine** implemented a payment platform that made it easier for advertisers and patrons to pay online.

While VC Killeen steers the CBYCA ship into the future, Past Commodore **Dion Guthrie** made me more aware of the importance of remembering CBYCA's past. Due to space limitations with the printed edition of the book, PC Guthrie's request to have an expanded Past Commodores directory will be moved onto the website.

The organization welcomed several new clubs and partners as members this year. I look forward to meeting their representatives and determining how CBYCA can serve them.

Stay safe.

## 2019 LINTON E. KILMON, JR. AWARD

DRYL President, Paul 'Juice' Jusino was presented the 2019 Linton E. Kilmon, Jr. Award. This award was established by CBYCA Past Commodore Linton E. Kilmon, Jr. (1984) through his estate. This honor annually recognizes an individual who has contributed the most effort to the ideals of CBYCA.

Commodore Jusino has served as President of the DRYL organization for 15 consecutive years. He's been involved with the League for over 25 years and membership clubs in the DRYL total 37 including the partnership with CBYCA. The DRYL sponsors recognition of the Princess Pageant of their member clubs, the Change of Watch, and presentation of the Club of the Year and the Person of the Year Awards at their annual banquet. A favorite comment from Juice, as he is well known, is 'Please have a safe fun-filled boating season filled with fond memories and fun times.'

## 2019 Queen of the Chesapeake

Greetings to all the officers and members who make our community,

I have had the privilege of representing the yachting community as the 2019 Queen of the Chesapeake for the past nine months, during this time I've also been completing my senior year at Chesapeake High School in Pasadena, MD, while participating in the E-CAP program allowing me to complete classes at Anne Arundel Community College. This year has been hectic applying to colleges, working, creating a charity event, completing high school classes and college classes while being active in our community as Queen.

I will graduate Chesapeake High School with nine AP classes under my belt, two credited college classes, a member of the National Honors Society, work experience, public speaking skills, and the drive to continue to grow as an active member in society. In the fall, I will continue my academic career at the University of Delaware majoring in Neuroscience while completing a Pre-Medicine path. I've been contemplating completing a double major in Psychology and minoring in Spanish, but I have yet to decide. I've always been intrigued by the human brain and its functions and thought processes.

My passions run all over, but one trumps all. My passion for educating the world on mental illnesses. I have struggled since a very young age, with depression and anxiety. When I was crowned Queen, I knew I was presented with a platform to speak loud and proud about this issue near to my heart and home. Though my mother knew I was depressed, she didn't know the extent, nor did she truly understand. How can a little girl who has only been alive for less than a decade be so sad? Why? How? Depression can stem from faulty mood regulation by the brain, genetic vulnerability, stressful life events, medications, and medical problems- not simply a chemical imbalance in the brain. I was numb during the time as my grandmother had died, and my parents were divorcing. I also have a family history of depression. My passion is to spread awareness on this vital topic. I want to show the world just how common these illnesses are within any community. Those who met me last year during my recovery from a major concussion can vouch, I was a different human being. Flat affect, little interest in doing things, sleeping too much, little energy, lacking effort, communication difficulties and so much more. But those who know me now know I am a very sarcastic, humorous, charismatic, driven, witty, and active being. Assistance through these hard times can make true colors shine and show the world who you really are. As Cyndi Lauper sings, "I see your true colors, and that's why I love you..." Love and support in a world where society creates stigmas and discriminates, takes us one step closer to full inclusion.

I'm forever grateful to have the support of my community through my journey. I am excited for my future endeavors in college and in careers. My work the past two years were made possible through my titles as Bodkin's 2018 Princess and as the 2019 Queen. Thank you all for the love and support enabling my growth.

Your 2019 Queen of the Chesapeake,  
Dulayne Sterling

## 2019 DRYL Queen

To the members of the CBYCA,

Last year in August I was crowned 2019 DRYL Queen and as I've said many times before, it is a moment I will never forget. I have been having an amazing time over the past few months learning the ropes of being queen. The DRYL is such a supportive and welcoming community and I am eternally grateful for the opportunity to be a part of it. And of course I also love the relationship that has been built between our two leagues and how supportive we each are towards each other.

As well as being the DRYL Queen I also work as a barista part time at a small family owned cafe in my hometown, and I am also in flight school which of course means I am in ground school. I also have many hobbies revolving mainly around running, piano and other music lessons and of course boating! Navigating all of these things was honestly a little difficult and intimidating at first because it was a very busy schedule and I am only one person. But I quickly realized that I love doing all of these things. I have fun with my coworkers, I love pursuing my future career, and of course I am honored to be able to do everything involved with being queen.

My home club is Yapewi Aquatic Club in Bordentown NJ, which is where I was introduced to the idea of even becoming a princess. Since I was born I have had a ringing in my ear from my father, saying how he would love for me to be the princess of our club. But what he didn't anticipate... or really anyone, was how much of a tomboy I would become one day. I loved learning the ins and outs of how cars work, how to hook up trailers, tow boats, drive a manual car, I even have always wanted a pickup truck. So, when I was 18 I contemplated it for a while and everyone was very surprised when I said I wanted to be princess. My first year as princess was mostly just me finding a way to get my footing, understanding my way around makeup, learning where to purchase a tiara, and learning so many new names! I also won 1st runner up and The Candyce Holmstrup Award for Congeniality which really boosted my confidence. So I ran again the next year and not only did I win queen but I also found my best friends along the way, and I grew closer to many members of the league itself.

I chose a charity to raise money for called Jillian's Jitterbug that is very close to my heart, it was created for children with cerebral palsy. Not only does one of my best friends have cerebral palsy but also I went to school from when we were kids all the way to high school graduation with a girl named Jillian Edwards. She is smart, funny, kind, social and many other things. She also has severe cerebral palsy and uses a wheelchair to get around. Her family recognized that not every family is as fortunate as them, they knew that families who have children with CP are already drowning in medical bills, so Kaelyn, Jillian's twin sister, began this foundation with the intent of raising money for those families so they can afford things such as electric wheelchairs that help their kids to be independent.

I had no idea in 2018 when I decided to try something new, and to step out of my comfort zone that it would bring me where I am today. This experience has given me confidence, taught me so many lessons and granted me with a constantly growing family. And the thing I am most excited about is that I get to watch my court go through the same process!

## CHESAPEAKE CRUISER ASSOCIATION

PADDLE, POWER, SAIL OR A HIGHWAY CRUISER

CCA is an affordable Yacht Club without "walls", open to all who did, do or even dream of boating on the majestic waters of the Chesapeake Bay and its tributaries. We are an Association of kindred spirits who gather 4 times a year to enjoy, celebrate and share our experiences.

Our Club blankets the Bay, from Virginia to New Jersey, from Delaware to Pennsylvania.

Join CCA! 61 Years of Boating, Fun & Fellowship!  
For information call any of the people in our listing.

The CCA applauds the many efforts of CBYCA and extends to all its members gratitude and acknowledgement for the role you and your club play in keeping boating alive, well and viable.

*We wish everyone in the CBYCA  
A Safe Boating Season*

*Director of State Legislation, DC  
Howard and Janett Gasaway*

Lady Carolyn and I wish everyone a safe and memorable boating season in 2020

**c.** Serve a statement of charges in writing upon the person either personally, by mailing, or emailing a copy to the person's address as it appears on the records of the Association. In addition to the statement of charges, the Board shall include the name and contact information of the Investigating Committee Chair.

Other than when asked to give testimony or present evidence, the person charged shall not be present at Board Meetings or portions thereof that concern disposition of the charges.

**Section 5.** If, at any time during the investigation, the Board, assisted and advised by the Investigating Committee, and the person charged are able to resolve the issue(s), the Board, by a 2/3 majority vote, at a Board Meeting where a quorum is present, may declare the matter resolved.

**a.** Upon such a vote, the Investigating Committee will be dissolved and no further action pertaining to the charges shall be taken. ## CBYCA YACHT CLUB TRADITIONS AND PROTOCOLS

Traditions and protocols allow us to run events smoothly, effectively mark special occasions, and provide connection back to our founders and forward to the next generation. To this end, the CBYCA collects, monitors, and exchanges information about traditions and protocols of interest to member clubs. Listed below are answers to commonly asked questions and information that we feel you and your yacht club will find useful.

**Captain Protocol:** Term for an appointed CBYCA officer, committee, or article concerned with yacht club customs, traditions, practices, and protocols.

**Nameplate Etiquette:** One of the traditional rules is "right rank". You wear the collar pin of the office you hold on the right and the corresponding badge. If you are dressed to represent your office as Secretary of XYZ Yacht Club, then your XYZ Yacht Club badge is worn on the right while your CBYCA, Power Squadron, PRYCA, CCC, DRYL, etc. badges are worn on the left. If you wear more than one badge on the right side, the badge corresponding to the office you are representing should be the highest. Badges should be worn above pockets.

**Flags:** There are variations but the main rule to remember is the "right rank" rule. So what rank is right for your boat? It is the one that corresponds to the "official" burgee flown at the bow (power only) or masthead (sail or power). Sailboats may also fly the boat's "official" burgee on a Starboard hoist. For detailed flag guidance, there are many good references such as *CHAPMANS* and the U.S. Power Squadrons guide.

**Uniforms and Attire:** In addition to guidance found elsewhere in this book, keep the following pointers in mind:

- **Shorts:** Should have belt loops and pockets and be worn with a white uniform belt and buckle. An exception to this is that men may wear long pants while women wear shorts or skirts. However, on such an occasion, the women should match each other (i.e. shorts OR pants OR skirts – no mixing).
- **Skirts:** For women, skirts are always appropriate and are preferred for formal occasions with ankle length skirts worn for the most formal occasions.
- **Uniform of the Day:** Your Commodore or senior officer attending determines your club uniform of the day and should ensure that your club wears attire that is appropriate and respectful. Except when an individual is dressed to match the uniform of another organization, your club representatives should match each other to the maximum extent practical.

**Honor Guard Salute in Group:** Only the senior person in the group returns the honor guard salute. The individuals passing through form a unit representing their organization – the senior person acts on behalf of the unit (e.g. like an army platoon leader saluting on behalf of his platoon). This interpretation is also consistent with the commonly practiced yacht club custom that only the senior officer salutes the bridge while the rest of the group lines up, followed by a step forward out of formation where each individual salute when introduced and recognized.

**Coming Aboard and Rendering Honors:** Another yacht club custom (often used for Opening Day/Flag Raising), which reflects nautical and naval traditions, is the approach to the Bridge to render honors. The speakers stand, usually near the yardarm when outdoors, represents the Bridge (or Quarterdeck) of the host club where the Officer of the Deck (OOD) is standing watch. The senior officer of the group leads the salute with the words “XYZ Yacht Club, Hand Salute”. The group salutes in unison on the word “salute”. The senior officer then says “Ready, two” On the word “two” the group drops salute, turns, and always follows the Commodore or senior officer off the quarterdeck. The Commodore or senior officer will usually lead the group toward a VIP seating area or toward the beverage cooler, where the host club has refreshments available, especially on hot days.

**Precedence of Past Commodores:** Line up and introduce oldest to newest. The Immediate Past Commodore (IP/C) should be last. However, many clubs introduce the IP/C after current officers because the IP/C is a current Board Member.

**Club Operation Pointers:**

For any corporation, club, or society (as defined by *Robert’s Rules of Order*) the By-Laws must always be followed. Your meetings are governed by *Robert’s Rules of Order*. *Robert’s* puts down in writing the rules people have adopted over centuries to ensure an open, fair, impartial, democratic, courteous and organized meeting where all are heard.

In terms of precedence, your Organizational By-Laws come first, then rules properly passed and recorded by the membership or body authorized by the By-Laws or membership (e.g. Board of Governors), and finally *Robert’s*.

The By-Laws define the club and are its identity – for a typical club, they can only be changed by rigorous process with the changes passed only by 2/3 majorities. Any club that ignores its By-Laws or whose Board or officers act with impunity against the will of the majority is not operating in a manner consistent with CBYCA By-Laws.

There are no uniform requirements for officers of Member Clubs in the Chesapeake Bay Yacht Clubs Association (CBYCA). It is a common practice, however, that for those occasions where a uniform is appropriate and a Member Club Officer chooses to wear a uniform in lieu of civilian attire, he or she wears the traditional, customary and generally accepted uniform recognized by yacht clubs in the United States and other countries.

The uniform for yacht club officer is described on these pages for informational purposes only. The uniform is worn by the twenty Officers of the Association for those occasions where a uniform is appropriate.

There are three uniforms namely WHITE (generally for summer), BLACK or NAVY BLUE (generally for winter) and BLUE/WHITE (generally for spring and fall and sometimes called “Salt and Pepper”). Traditionally, the Commodore specifies the Uniform of the Day.

White Summer Uniform    Black (or Navy Blue) Winter    Salt & Pepper

**White Summer Uniform:**

Uniform cap, short sleeve white shirt with insignia’s, open collar, white slacks for men, women have a choice of slacks or skirt, white webbed belt with club buckle, white socks and white boating shoes.

**Black (or Navy Blue) Winter Uniform:**

Uniform cap, plain white shirt with no insignia, four-in-hand black tie, uniform coat with insignia, slacks to match, women have the choice of slacks or skirt, black belt, black socks and black shoes.

**Salt/Pepper:**

Uniform cap, plain white shirt with no insignia, four-in-hand black tie, uniform coat with insignia, white slacks (women have a choice of slacks or skirt), white web belt with club buckle, white socks and white boating shoes.

For those occasions where formal attire is appropriate, a black bow tie is worn instead of the four-in-hand black tie. Women may wear a long skirt.

**Epaulets:**

Many clubs utilize epaulets to increase visibility and identify Officers and Past Commodores. Epaulets are worn on the shoulders of Whites and Black Sweaters.

**Black Yacht Club Sweaters:**

In many clubs, officers wear black uniform sweaters to casual events or meetings in lieu of dress uniforms. Name badges and epaulets can be worn on sweaters. Khakis or black trousers can be specified by ranking officer.

**SPECIFICS**

**Cap:**

Regulation yachting cap with white top, black, gold, or silver yachting braided line, AKA rope with matching black, gold, or silver buttons, fouled anchor device over plain black visor with club burgee button in center and gold officers insignia (silver for past commodore). The lady officer's hat is Navy Lady Style with yachting braid. The yachting cap braids should not be confused with the gold chin strap worn by U.S. Navy Officers and Midshipmen or the black chin straps worn by the U.S. Navy Chief Petty Officers. Such straps should not be worn with yacht club uniforms. When selecting yachting braid for caps, silver is always reserved for Past Commodores. The line between black and gold braid may vary from club to club with some clubs electing not to use gold (or silver) at all. Typically, when used, gold is reserved for Officers, particularly Flag Officers. In such cases, Club Members, Board Members, and certain Junior Officers in uniform would wear the black braid.

**MEN'S UNIFORM CAP**

**LADIES UNIFORM CAP**

**Summer Shirt:**

Short sleeve white shirt with shoulder straps and two pockets. Brass buttons showing anchors in buttonholes of shoulder strap and pockets.

**Uniform Coat:**

Double breasted Navy Blue or Black with black buttons showing anchors.

**Tie:**

Navy Blue or Black. Women wear Navy Lady Style.

Most recently, uniform braid bands are all added when the uniform is purchased. Commodores of any level wear gold stars. Past Commodores wear silver stars.

**Past Commodores = Silver Stars**
